## Highlights

### LA COSTA GRANDE ARCHEOLOGICAL MUSEUM

La Costa Grande is the name for the expanse of Guerrero coastline that encompasses both Ixtapa-Zihuatanejo and Acapulco. The Museum is located in Zihuatanejo at the east end of the Paseo del Pescador facing the town beach.

Surrounding a central patio, six exhibit rooms illustrate human evolution from prehistoric to pre-Hispanic eras, according to findings from 54 archeological sites and settlements discovered nearby and elsewhere along the Costa Grande.

### MAGIC WORLD AQUATIC PARK

Magic World is an aquatic park located in the heart of Ixtapa offering visitors a unique design and exceptional facilities, as the design is based on a Walt Disney style providing fun for kids of all ages.

Among the park's features and attractions are a pirates village, with navigable canals, high and low speed water toboggans, Jacuzzis, and a wave pool.

### KING OF KINGS

This project consisted of submerging a bronze sculpture of a Christ King in the waters of Ixtapa-Zihutanejo, so appears as an attraction, in addition to a search to renew the faith of the Catholic populace of Mexico.

With the town-people's support a great number of keys were collected, which comprised the raw material with which to fashion the heart of the sculpture and part of the statue.

The heart of the Christ King statue contains a key, whose shape will be the model upon which replicas will be made to hand over to distinguished guests who visit the Binomial beach.
