### Highlights

#### PUERTO VALLARTA'S HEART

Downtown and the Romantic Zone are considered Puerto Vallarta's heart, recognized for its nightlife, restaurants, art galleries, bars and boutiques. Downtown is a very safe area, and it's easy to wander around walking by its cobble streets, admiring white walls from the houses with the iron work of their balconies and red tiles roofing. While walking there, you can find also art galleries, craft shops and famous designers' boutiques.

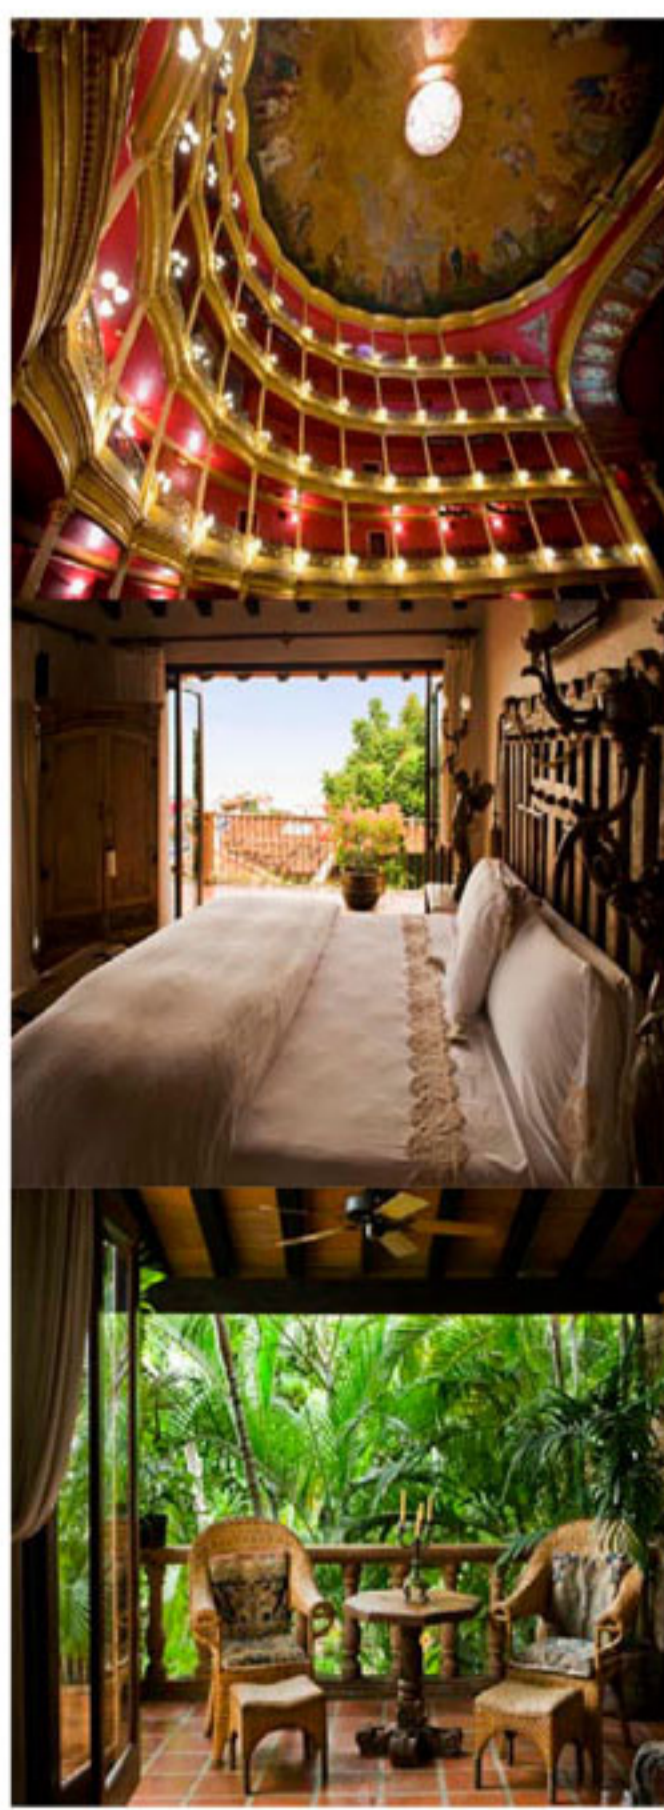

In its already famous "Malecon" that goes along the beach, and ends just in front of the Main Plaza, you can find the Aquiles Serdan Park, better known as "Los Arcos", where often you can find outdoors concerts and cultural events.

#### PARQUE NACIONAL "LOS ARCOS" / "LOS ARCOS" NATIONAL PARK

During your stay in Puerto Vallarta, you can admire places near the area, like Los Arcos National Park, where the only way to get there is by boat in a guided tour. This submarine park offers fascinating scenery of three arches carved by sea erosion over thousands of years.

#### THE SIERRA MADRE

The Sierra Madre surrounding Puerto Vallarta is home to an immense biodiversity in North America. Many local companies offer walking tours to explore the abundant flora and wildlife of the region, which includes walking on rocks and rappelling. Some of the scenarios that visitors can enjoy include orchids and bougainvillea, trees brazil club, parrots and various types of migratory birds, iguanas, and armadillos.
