Highlights

XCARET

Xcaret is a majestic park by the sea where you have fun while discovering the natural and cultural richness of Mexico. You can also enjoy exceptional water activities in underground rivers, lagoons, in a beach and in an inlet with abundant marine life.

All the family can immerse in the underwater world with Snuba, Sea Trek, a snorkeling tour and swim with dolphins programs. Visit a Butterfly Pavilion, a Coral Reef Aquarium, an authentic Mexican Cemetery and over 40 attractions. At the end of the day feel the magic of Mayan culture and the most representative traditions of Mexico with the Xcaret Mexico Spectacular celebration

TULUM

Tulum's greatest attraction is its location. It stands on a bluff facing the rising sun looking out on views of the Caribbean that are nothing less than spectacular. In Maya, Tulum means "Wall", and the city was christened thus because it is a walled city; one of the very few the ancients ever built. Research suggests it was formerly called Zama or "to dawn" in its day, which is appropriate given the location.

It is appropriate to emphasize the importance of the beach area, where it is certain that the Mayan ships, dedicated to trade around the peninsula, would have docked. At the present time it is the most visited area of the archaeological site.

XEL- HA

The dreams of stepping through the aquarium glass, of drifting into an astonishing world of underwater magic are about to come true.

Xel-Ha is nature as no one has ever felt it before, a place to share in celebrating the biological parade of the Riviera Maya.

Our Natural Wonder and its open-sea aquarium offer a myriad of land and water activities, ecological attractions, world-class restaurants, and countless more unimaginable experiences.
