Highlights

VERACRUZ AQUARIUM

If you want to avoid swimming but still want to see the wonders this port city has to offer, the Veracruz Aquarium is a nice alternative. It includes a replica of a tropical forest and has a series of galleries displaying different marine life. This is obviously a great place to take children and explore sea animals ranging from octopuses and seals to seahorses and sea stars.

XALAPA

Xalapa is a cultural center that offers a wide range of musical, artistic and historical attractions due to the presence of three large universities in the area. It has a wide variety of parks, lakes and other ecological attractions and is known for its world-class anthropology museum.

NANCIYAGA

Is the place where the northernmost tropical jungle on the planet, with its incalculable variety of flora and fauna, joints together with Catemaco Lake and its fresh mineral spring waters to bring life and environment. In this pristine setting, visitors will feel a connection with nature and with the origins of human life.

While promoting the environmentally-friendly ecotourism that values and protect nature, Nanciyaga offers an alternative type of retreat to tourist, who can take part in everything from an impressive guided tour of the jungle to the practice of certain prehispanic traditions such as the temazcal bath
